

Hole in one with Tee-Zels ! October, 2006

Dear Tee~Zel,

Hi! We had a memorial golf outing to honor my mother in September at a golf course in De Pere, Wisconsin (close to Green Bay). As part of the gift bag for each participant, we included a bag of Tee-zels. One of the golfers, John Birdier, actually chewed down one of the Tee-zels a bit and used it to tee off on one of the par 3 holes. He made a hole in one!! We couldn't believe it, and it was the talk of our golf outing! His name was even in the Green Bay Press Gazette for his hole in one! We hope to include Tee-zels in our gift bags for next year's memorial golf outing—maybe someone will have that same luck again!! ☐

We just had to share that story with you!

Thanks!

Julie Daniel
